UNISEX PADDED JACKET & HOOD

FEATURES

- 100% Polyester Ripstop, 85g
- Durable Water repellent finish
- Left breast pocket
- Fixed Nordic design hood
- Printed lining
- 160g soft wadding
- New logo branding
- Silicone tab to hem

SIZES: XS - 5XL

CLO RATING: 2.5

ThermoLite works by using its unique hollow-core polyester fibers to create tiny air pockets within the material. These pockets of air trap body heat, creating insulation that keeps you warm. It also functions as a technical fabric by moving moisture away from your skin, helping to prevent chill.

IN SPECIFIC AREAS TO
PREVENT RUBBING WHEN
WEARING BOOTS**

**ANTI-BUNCHING
VENTILATION CHANNELS
FOR A GOOD FIT**

REACTIVE™ YARN TECHNOLOGY

Comfort stretch ribbed leg provides support

Ribbing continued into foot for comfort stretch during movement.

REACTIVE™ yarn technology in footbed to wick away moisture from feet, a durable hard wearing yarn

Comfort terry cushioning throughout acts as anti-shock for the feet.

Lighter than polyester and nylon, **REACTIVE™** provides bulk and warmth for less weight. With excellent heat retaining properties it is warmer than wool.

REACTIVE™ has a unique hydrophobic nature which keeps the wearer dry and warm being quick drying and will not absorb water in the fibre. It wicks away water from the skin and through the sock for quick evaporation. These fibres are not attacked by bacteria or micro-organisms so keeps feet fresh.

KHAKI THERMASOCKS

FEATURES

- Thermasock heat holding
- REACTIVE™ sole
- Cushion comfort
- Durable material
- Reinforced achilles, heels and toe

SIZES:

6 - 8.5 (JCBX000181) / 9 - 12 (JCBX000182)
